

UNSEATED.

Roberts Excluded By A Vote of 268 to 50.

Both Reports Adopted and Over Twenty Speeches Made on the Concluding Day.

Washington, Jan. 26.—The case of Brigham H. Roberts the Mormon Representative-elect from Utah, which has occupied so much of the attention of the House since the assembling of Congress was decided yesterday by the adoption of a resolution to exclude him by a vote of 268 to 50.

The amendment to expel Mr. Roberts without seating him, offered by Mr. Lacy, was ruled out on a point of order and the House only voted upon the resolutions of the majority and minority of the committee. The latter—to seat and then expel Mr. Roberts, was defeated—81 to 244. An analysis of this vote shows that 168 Republicans, 96 Democrats and 4 Populists voted against it and 71 Democrats, 6 Republicans, 2 Populists and 2 silver Republicans for it. The majority resolution—to exclude Mr. Roberts and declare the seat vacant, was adopted—268 to 50. The affirmative vote was divided, as follows: Republicans, 164, Democrats 90, Populists 4 and the negative vote Democrats 47, silver Republicans 2, Populists 1.

Mr. Roberts was present throughout the day and only left the hall after the result of the last vote had been announced. As he did so he gave out a statement justifying his retention of his plural wives on the ground that his moral obligation was more binding upon his conscience than technical obedience to statutory law, and saying that there was little excuse for the extraordinary efforts to crush a system already abandoned and practically dead. He said he was a martyr to a "spasm of prejudice." He would not, he said attempt to run for Congress again, although he would go back home with a light heart, confident of the future.

Undercolor in Barred Plymouth Rocks.

It is to be regretted that many very prominent breeders of Barred Plymouth Rocks are paying so much attention to a matter that does not tend to improve the breed, viz., under color. The points that please the eye most, in my opinion, are surface color, size and shape. In order to get very strong undercolor, many breeders neglect other points.

Judges are giving too much value to small and somewhat unshapely birds. What I think we should all do is to first encourage size and shape. The fact is that many cockerels weighing only from 5 to 6½ pounds, and pullets as low as 4 pounds, win the leading prizes.

I also favor in males much lighter colored specimens. I prefer as light a colored male as possible, provided he does not fail in good barring. I am told that many of the Western judges favor the light colored males. This is as it should be.

The finest birds I have ever raised came last season, and three-quarters of them are from a single mating.

One of my yards in particular last season produced from eight females and one male the finest lot of cockerels I have ever seen, and from the same yard I can show at least ten pullets that would be hard to beat in any show room.

There is too much loss in practicing the double mating system.

If a breeder wants to illustrate his birds, the only fair way is to use a camera.

Many of the cuts of birds are just as misleading as private scoring. In some cases, more so. I do not approve of either of these latter plans.—J. B. Kimeour in American Poultry Journal.

Niagara Failed to Please.

One of the officials of the Canadian police at Niagara Falls tells the following story:

A German from Pennsylvania blew in the other day and asked the officials if there was anything about the place worth seeing.

"You see," he said, "it's shust like dis: My friends und frau told me I should take id in, und I vant to take everything in der iss to zee. Dey did zay der was someding great here, and I forgot id already, und I haf walked all ofer und zee noddings."

The visitor was at once taken to the finest view of the falls, where he stood a few minutes looking around.

"Well?" said his conductor, at last.

"Vell," returned the man, "I zee noddings."

"Don't you see the falls?"

"Vat! Dot water falling? Iss dot vot I cum all di vays to zee, a liddle vater dripping? Jimin! I go me home."—The Columbia.

POINTERS FROM VICK.

Are your cactuses at rest? They should be until the early spring months.

Those who fail with almost every other kind of house plant succeed with hyacinths.

Dwarf nasturtiums do very well as window plants.

The geranium may be killed by over-watering.

It pays to mulch the strawberry plant.

Tobacco powder for plant lice.

Dust is a real enemy to plants.

ESCAPED FROM JAIL.

Hopkins County Birds Have Flown to Parts Unknown.

George Tompkins and Calvin Alexander, colored, escaped from jail at Madisonville. It was reported that there was a case of smallpox in the jail and while changing the prisoners round the two men found an opportunity to slip out unobserved.

Whipping Post Adopted.

The Bibb County, Ga., Grand Jury has recommended the adoption of the whipping post for the punishment of Criminals under 16 years age, charged with minor offenses.

A dispatch from Buenos Ayres states that the Argentine budget shows a deficit of \$10,000,000.

MONEY IN HENS.

Thoroughbred Poultry for Farmers Offers a Most Fruitful Field.

In spite of the fact that a portion of the egg supply of the United States comes from far off China, very few farmers realize the importance of the poultry industry or the money it would be in their pockets if they kept a flock of pure bred fowls in place of the mixed and mongrel lot usually seen on farms in this part of the country. There are, however, some wise business men who are investing thousands of dollars in equipping poultry plants for the production of eggs and meat. Last winter the writer had a call from Charleston, S. C., for one hundred White Wyandot fowls for such a plant and should have been able to have secured them from farmers near-by. The offer for them is 75c to \$1 each. The ordinary farm fowl brings from 15c to 25c. This year we had a very urgent call for fifty White Wyandots for an incubator plant and as many White P. Rocks as we could find at \$1 each. Another party inquired for forty pullets—W. Wyandot culls, with an offer of 75c each. What chances for the farmer who has plenty of room! How we wish our two acres would spread itself into ten or twenty. Aside from the profit, there is unadulterated pleasure in the rearing and study of thoroughbred fowls. Recently a young couple from the north part of the state called at our place to see our chickens—and incidentally to make our acquaintance—who had known nothing about fine fowls till they went to housekeeping two or three years ago. The intense interest and pleasure they had derived from their flock of handsome thoroughbred Barred Plymouth Rocks caused the husband to lament that he had not known of them years before. The poultry journals are doing good work and although the farmers seldom read them, their wives and daughters do. This year more than half of our inquiries have come from ladies. One is so progressive as to voluntarily apply for membership in the State association. And the associations—what helps they are, what pleasant friends are made! Then when show time comes. The chicken talk, the friendly rivalry, the new things learned, all give zest for further effort. May many bright farmers who know nothing about fine chickens, be brought in the near future to the realization of the profit and pleasure in thoroughbred poultry culture.

Mrs. H. J. McCafferty, Birmingham, Ala.

Does Advertising Pay?

"Once, when I was publishing a paper in Seattle, I convinced a man in the most emphatic way that it paid to advertise," said an old journalist. He was a fairly prosperous merchant, and I had tried for a long time to get him to insert an advertisement in my paper.

"Oh it's no use!" he would say. "I never read the advertisements in a paper, and no one else does. I believe in advertising, but in a way that will force itself upon the public."

Then it pays. But in a newspaper—pshaw! Everybody who reads a newspaper dodge the advertising pages as if they were poison."

"Well," said I, "if I can convince you that people do read advertising pages of my paper, will you advertise?"

"Of course I will, I advertise wherever I think it will do any good."

"The next day I had the following line stuck in the most obscure corner of the paper, between a couple of patent-medicine advertisements:

"What is Cohen going to do about it?" The next day so many people annoyed him by asking what that line meant that he begged me to explain the matter in my next issue. I promised to do so if he would let me write the explanation and stand to it. He agreed; and I wrote: "He is going to advertise, of course." And he did."—Ex.

Big guns sometimes blow the breech pin out.

NEW COLONIES

Will Not Have Delegates Or Free Trade.

Important Amendments to Bills Providing For Government of Hawaii and Puerto Rico.

Washington, Jan. 26.—Senator Platt, of Connecticut, has given notice of important amendments he will offer to the bills providing a form of government for Hawaii and Puerto Rico. One of Senator Platt's proposed amendments to each of the bills strikes out the provision for the election of a delegate to Congress. If adopted neither Puerto Rico nor Hawaii would be represented in Congress. The other amendments relate to the customs regulations. In the case of Hawaii he proposes to eliminate the provision of the Hawaii Commission and insert a clause for the continuance of the existing customs relations between the United States and Hawaii until further legislation by Congress.

The customs provision suggested by Mr. Platt in the case of Puerto Rico requires the collection on Puerto Rico articles imported into the United States of "a sum equivalent to 80 per cent of the customs duties levied upon like articles imported into the United States from foreign countries." Articles originating in the United States and shipped to Puerto Rico are to pay there 80 per cent of the duty imposed upon importations from other countries.

The hearings on the Hawaiian bill were continued to-day before the House Committee on Territories. Mr. Edward Papliss, of Honolulu, said the property qualifications would work the disfranchisement of the natives. He severely arraigned the Dole Administration, and asserted that \$11,000 of United States funds was being used to defray the expenses of those coming here for the Government to secure legislation against the natives.

Mr. Alfred S. Hartwell, the special agent of the Government of Hawaii, contradicted the statement, but Mr. Kapliss did not withdraw it. He asserted that the present Administration of Hawaii was unfit to rule the natives, and that the latter should have the fostering care of this Government.

TWELVE MEN

Will Be Examined as to the Frankfort Tragedy.

Frankfort, Ky., Jan. 26.—A motion for bail for Col. Colson was made before Judge Cantrill, and he fixed next Wednesday to hear arguments, and will then allow six witnesses on a side to testify as to the shooting so as to get some line on the firing of the first shot, and whether Colson was acting in self-defense or not. It is believed these 12 witnesses will tell enough to practically settle the whole case as far as Colson is concerned, and their answers will be watched with interest.

TWO PEST HOUSES

Ordered to Be Erected On County Farm In Todd.

The Board of Magistrates of Todd county held a meeting regarding smallpox, there being two cases at Trenton and some suspects at other points. The County Court ordered that two pest houses be at once erected on the county farm, and that all cases and suspects be removed there. The court further ordered that the County Superintendent of Schools see that all public school teachers and pupils in the county be vaccinated as soon as practicable.

Important To Druggists.

Commissioner Wilson, of the Internal Revenue Bureau, has decided, in effect, that every malt extract composed of malt liquor, combined with drugs, may be sold by druggists by the bottle under labels specifying the diseases for which it is held out as a remedy, without involving them in liability as a retail malt liquor dealer, if they sell it good faith for medicinal use only.

WOMEN FEAR LA GRIPPE AND CATARRH.

Pe-ru-na a Reliable Protection.

MRS. THEOPHILE SCHMITT, OF CHICAGO.

Mrs. Theophile Schmitt, wife of the Ex-Secretary of the German consulate, writes the following letter to Dr. Hartman, from 3417 Wabash Ave., Chicago, Ill. Mrs. Schmitt says: "I suffered this winter with a severe attack of la grippe, and having repeatedly heard of the value of Pe-ru-na in such cases I thought I would try it. I used it faithfully and began to feel a change for the better the second day, and in the course of a week I was very much improved. After using three bottles I not only found that the grippe had disappeared, but my general health was much better. I am satisfied that Pe-ru-na is a wonderful family remedy and gladly endorse it. Yours, Mrs. Theophile Schmitt."

Mrs. M. E. Wheeler, Rockford, Tenn., writes: "I am very glad to write you that I am in every way cured of catarrh with which I have been troubled for ten years or more. I feel very grateful to you for curing my catarrh, as it was a very stubborn case. I have felt no symptoms of the catarrh for over a year. If you think this letter will be of any use to suffering humanity you may use it."

La grippe is acute, epidemic catarrh. There is no remedy in the world that meets this form of catarrh as thoroughly as Pe-ru-na. During the first stages of la grippe Pe-ru-na is an unfailing remedy. People who have had la grippe and have partly recovered, but remain half sick, will find Pe-ru-na exactly suited to their case. There is no remedy devised that will so quickly and thoroughly dispel the disagreeable and serious after-effects of la grippe as Pe-ru-na. The leading actors and actresses of this country have come to regard Pe-ru-na as indispensable to their success. Mile. Jane Delorme, the famous chanteuse from the Folies Bergere, Paris, says: "Pe-ru-na forever, say I. I have tried many so-called cures for various catarrhal affections, but none afforded the immense relief that Pe-ru-na has. Indeed it has effected a cure. I regard it as the most essential article on an actress' toilet table."—Mile. Jane Delorme, of New York City.

All women praise Pe-ru-na after one trial. It is safe to say that no woman ever took one bottle of Pe-ru-na who did not become a life long advocate of this remarkable remedy. Never was a medicine devised of so much value to women. A book, "Winter Catarrh," sent free by Dr. Hartman, Columbus, O.

DR. KENNEDY & KEGAN, CINCINNATI, O.

GUILTY OR NOT GUILTY DISEASED MEN CURED.

THOUSANDS of young men, middle aged men and old men can look back at their boyhood days or early manhood with a sigh of remorse. The ignorance of early youth, or later on a mispent life as "one of the boys" has sown the seeds for future suffering. SELF ABUSE is a terrible sin, against nature and will bring a rich harvest. Blood and Private Diseases sap the very life and vitality of the victim. Our NEW METHOD TREATMENT will positively cure all the following diseases:

VARIICOCELE, EMISSIONS, NERVOUS DEBILITY, SYPHILIS, STRICTURE, GLEET, SEMINAL WEAKNESS, PIMPLES, LOSS OF MANHOOD, UNNATURAL DISCHARGES, KIDNEY AND BLADDER DISEASES.

ARE YOU NERVOUS and despondent; weak or debilitated; tired worn and; no ambition; lifeless; memory poor; easily fatigued; excitable and irritable; eyes sunken, red and blurred; pimples on face; dreams and night losses; restlessness; deposit in urine and drains at stool; distrustful; want of confidence; lack of energy and strength—WE CAN CURE YOU OR ASK NO PAY.

CURES GUARANTEED OR NO PAY—CONFIDENTIAL.

SNATCHED FROM THE GRAVE. A warning from the Living. "At 15 I leaped a bad habit. Tried four doctors and nerve tonics, a by the score without benefit; emisions and drains increased. I became a nervous wreck. A friend who had been cured by Drs. Kennedy & Kegan cured me. This was eight years ago. I am now married and have two healthy children."—C. W. LEWIS, Saginaw.

VARIICOCELE CURED. "Variococele made life miserable. I was weak and no ambition. The Golden Monitor opened my eyes. The New Method Treatment of Drs. Kennedy and Kegan cured me in a few weeks."—I. L. PETERSON, Ionia.

EMISSIONS CURED. J. P. EMERSON relates his experience. "I lived on weakened me physically, sexually and mentally. Family doctors said I was going into 'decline' (consumption). Finally 'The Golden Monitor,' edited by Drs. Kennedy & Kegan, fell into my hands. I learned the TRUTH and the CAUSE. Self-abuse had sapped my vitality. I took the New Method Treatment and was cured. My friends think I was cured of consumption. I have sent them many patients, all of whom were cured. Their New Method Treatment supplies vigor, vitality and manhood."

SYPHILIS CURED. "This terrible blood disease was in my system for eight years. Had taken mercury for two years, but the disease returned. Eyes red, pimples and blotches on the skin, ulcers in the mouth and on tongue, bone pains, falling out of hair, weakness, etc. My brother, who had been cured of Gleet and Stricture by Drs. Kennedy and Kegan, recommended them. They cured me in a few weeks, and I thank God I consulted them. No return of the disease in six years."—W. P. M. JACKSON.

17 YEARS IN OHIO, 200,000 CURED. NO RISK.

READER! Are you a victim? Have you lost hope? Are you contemplating marriage? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. No matter who has treated you, write for an honest opinion free of charge. Charges reasonable. BOOKS FREE. "The Golden Monitor" (Illustrated), on Diseases of Men, Inclose postage, 2 cents. Sealed.

NO NAMES USED WITHOUT WRITTEN CONSENT. PRIVATE. No medicine sent C. O. D. Names on boxes or envelopes. Everything confidential. Question list and cost of Treatment FREE.
